

Heating and drying systems for shoes,  
boots and gloves

# FootWarmer

## HOTRONIC's Footwarmer

**Keeps feet warm.**

HOTRONIC's new S Series Footwarmers offer more than ever before. HOTRONIC's S Series FootWarmers, designed for cold temperature operation. With enhanced reliability and longevity, the new S Series bat-

teries maintain up to 55 % of a full charge and 95 % of their initial capacity also after four years of nonuse! Plus, an increase in capacity offers up to a combined 30 % in higher average temperatures and longer

durations on a single full charge, all when needed most, in the cold!

### Two models to choose from.

With four (4) batteries in each Battery Pack, the FootWarmer Power Plus S4 is HOTRONIC's longest lasting, most powerful FootWarmer. For compact power, the FootWarmer Power Plus S3 comes with three (3) batteries in each Battery Pack.

### Your benefits summed up:

- NiMH batteries do NOT have a "memory effect" and do NOT require fully discharging before fully recharging
- HOTRONIC's NiMH batteries are made for use in cold winter weather

### Set for comfort & warmth.

The HOTRONIC FootWarmer offers three base level settings for comfort and warmth maintenance. A fourth setting

offers an extra blast of heat when needed. Press-hold-and-release the Battery Pack's ON or OFF button to select each setting.

Easy to read LED lights indicate the setting selected and when the power is on or off.

### Temperature & Duration Chart

Setting	Approximate average temperature °C	Approximate average temperature °F	Duration Range	
			POWER PLUS 4	POWER PLUS 3
1	29 – 37	84 – 98	16.5 – 21 hrs	14.5 – 17.75 hrs
2	42 – 49	107 – 121	7 – 10.5 hrs	5.5 – 7.75 hrs
3	50 – 59	122 – 138	5 – 7.5 hrs	3.5 – 5.75 hrs
4	70 – 78	158 – 173	2.5 – 4.5 hrs	2 – 3.5 hrs

Based on Battery Pack in ambient temperatures of -22° to -15°C (-9° to +4°F).  
Based on Heating Element in ambient temperatures of 20° to 26°C (68° to 79°F).

## FootWarmer Power Set S4/S3

## BD Anatomic Insoles

**Anatomical shaped BD insoles for every activity with HOTRONIC Heating Element included.**

These pre-molded foot beds use a sophisticated multi-layer construction and high quality anatomically customizable materials to provide the consumer with full contact foot support of comfort and great value. Every model of BD step-in

footbeds have a custom molding option to provide optimum individualization. BD step-in footbeds can be molded in minutes with the Personal Fit Box. Ski shop staff can provide an easy to make, high quality footbed that provides the custo-

mer with optimum stability and comfort in the price level of their choosing. Five sizes: S – XXL trim-to smaller-size.

- Thermally customizable insoles (suitable for all floor types / sports)
- Microfiber Top
- Heating element in the toe area
- Sizes: S – XXL

### Sizes

S	23.0/24.5	01-0100-1344
M	25.0/26.5	01-0100-1345
L	27.0/28.0	01-0100-1346
XL	28.5/29.5	01-0100-1347
XXL	30.0/31.5	01-0100-1348

### FootWarmer Power Set S4/S3 + BD Anatomic Insole

The combination of FootWarmer Power Set S4/S3 with BD Anatomic Insoles gives the advantage of high capacity batteries for cold temperature operations and anatomical shaped footbeds for maximum comfort.

## FootWarmer Power Plus UNIVERSAL S4/S3

### Ready to heat.

The HOTRONIC's Footwarmer Power Plus UNIVERSAL comes with Heating Elements, One Size Fits All Heat Ready Insoles, Cambrelle® self-adhesive fabric covers, Battery Packs and Recharger.

#### FootWarmer Power Plus UNIVERSAL

- One Size Fits All – Heat Ready Insoles (1 pair)
- Heating Elements (2 pc)
- Cambrelle® cover and strips (1 pair)
- Power Plus Battery Packs (2 pc)
- Recharger 100 V – 240 V (1 pc)

01-0100-1031

01-0100-1035

## FootWarmer Power Plus CUSTOM S4/S3

### For customized solutions.

The Footwarmer Power Plus CUSTOM comes with Heating Elements, Cambrelle® self-adhesive fabric covers, Battery Packs and Recharger for use in HOTRONIC's. For application in HOTRONIC's Heat Ready Insoles or on insoles of your own choice.

#### FootWarmer Power Plus CUSTOM

- Heating Elements (2 pc)
- Cambrelle® cover and strips (1 pair)
- Power Plus Battery Packs (2 pc)
- Recharger 100 V – 240 V (1 pc)

# Components & Accessories

## HEATING ELEMENTS

By blocking and neutralizing the penetrating cold, HOTRONIC's Heating Element keeps the blood circulation open while maintaining comfort and warmth in the feet. The Heating Element's large oval shape and self-adhesive backing provide effective anatomical coverage of the toes and easily installs in HOTRONIC's Insoles or on insoles of one's own choice.

01-0100-1229

## RECHARGER S/e/m SERIES 100 V – 240 V

Wherever one goes worldwide, HOTRONIC's advanced global charging technology senses when the batteries are charged and protects them from overcharging damage by switching to trickle current recharging. Compatible with S/e/m Series Battery Packs, the Recharger's LEDs indicate recharging mode and battery charge status. For global use in countries with 100 V up to 240 V.

01-0100-1161

## BATTERY PACKS Power Plus S4/S3

Additional Battery Packs extend total warming duration throughout extremely cold days.

S4: 01-0100-1133  
S3: 01-0100-1137

## MOUNTING BRACKETS

For a simple, secure, quick attachment of Battery Packs to ski or hard shell snowboard boots. A non-electrical, non-mechanical system requiring a single drilled hole.

01-0100-1500

## BD ANATOMIC INSOLES

Heat moldable, anatomically shaped, trim to size Insoles with HOTRONIC's Heating Elements already installed. Five sizes:

S	23.0/24.5	01-0100-1344
M	25.0/26.5	01-0100-1345
L	27.0/28.0	01-0100-1346
XL	28.5/29.5	01-0100-1347
XXL	30.0/31.5	01-0100-1348

## STRAP BRACKETS

For a simple, secure, quick attachment of Battery Packs to ski or snowboard boot power straps. Position Battery Packs above and out of the way of top boot buckle.

01-0100-1503

## SEMI CUSTOM – HEAT READY INSOLES

Anatomically shaped Insoles ready for simple, quick installation of Heating Elements. Four sizes:

23.0/24.5	01-0100-1324
25.0/26.5	01-0100-1326
27.0/28.5	01-0100-1328
29.0/30.5	01-0100-1330

## SLIDE STRAP BRACKETS (S/e/m SERIES ONLY)

For Battery Packs Power Plus S/e/m Series only. Provides simple, secure, quick attachment of Battery Packs to ski or snowboard boot power straps. Position Battery Packs above and out of the way of top boot buckle.

01-0100-1505

## ONE SIZE FITS ALL – HEAT READY INSOLES

For simple, quick installation of Heating Elements. Size 32.0 metric, trim-to-size

01-0100-1301

## BATTERY PACK WIRE FORM CLIP KIT (pr)

For use in replacing Battery Pack Wire Form Clip and Plastic Locking Plate as needed.

01-0100-1590

## HEATING ELEMENTS WITH CAMBRELLE® COVERS AND STRIPS

For application in HOTRONIC's Heat Ready Insoles or on insoles of your own choice.

01-0100-1220

## VELCRO® ATTACHMENT STRAPS

Secure Battery Packs around leg or top of outdoor footwear or use as power straps on ski or snowboard boots.

01-0100-1510

## CAMBRELLE® COVERS AND STRIPS

Self-adhesive fabric for resurfacing custom insoles, orthotics, and other insoles.

01-0100-1240

## EXTENSION CORDS: 20, 80 and 120 cm

Extension Cords permit attachment of Battery Packs at boots (20 cm), waist (80 cm) or chest (120 cm), run underneath pant leg, and plug into insoles.

20 cm	01-0100-1517
80 cm	01-0100-1520
120 cm	01-0100-1530

## FootWarmer POP Display (ea)

Both FootWarmer and Snapdry POP Displays are excellent silent sales representatives, attracting your customer's attention, answering many questions up front, and offering a hands-on, "Feel the Heat" experience (FootWarmer Display). The Displays signal to your sales staff when a customer has an interest in the product. Further presentation is easily made from the Display. Both Displays work on counter-top, slat wall, and grid-wall. Includes integrated brochure holder.

01-0100-1700

## INFRARED THERMOMETER (ea)

For use in testing/confirming generation of heat in Heating Element. Also for use in demonstrating heat to customers.

01-0100-1605

# Snapdry

## HOTRONIC's Snapdry System

Boot & glove dryer.

HOTRONIC's Snapdry Boot & Glove Dryer offers quick, quiet, drying and pre-warming of hand and footwear. Designed with the strength of its patented "Quick Clip" system and a long lasting motor, the Snapdry Boot & Glove Dryer also travels well, wherever one goes, worldwide.

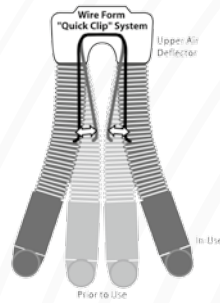

**Quiet and timely.**

Snapdry's quiet, long lasting motor maximizes the Dryer's use at any time, any season, day or night. Plus, the built in timer provides up to a maximum of 24 hours drying time. Turn it on and rest assured. The power indicator light further confirms the Dryer is on or off at a quick glance.

**Travels well.**

Wherever one goes worldwide, the Snapdry Boot & Glove Dryer simplifies travel with a dual voltage selector switch (120 V/230 V). The Dryer also packs conveniently inside one's boots or the included storage bag.

**Your benefits summed up:**

- Quiet and strong
- Built in timer
- Drying and pre-warming
- Travels well, fits in every suitcase

**Dries and pre-warms.**

Using gentle air and heat, Snapdry's Boot & Glove Dryer quietly dries and pre-warms all types and sizes of hand and footwear. Dries within one to five hours. Pre-warms in 30 to 60 minutes keeping hands and feet warmer longer by enhancing circulation.

**Quick and strong.**

Snapdry's patented "Quick Clip" system inserts in seconds into boots, shoes, gloves, and mittens. The "Quick Clip" system holds hand and footwear upright and together while strengthening and protecting the upper air deflector from damage.

**Healthy hands and feet.**

Utilizing the integrated hand wear stand, Snapdry's Boot & Glove Dryer dries hand and footwear separately to minimize potential transfer of bacteria and fungi between hand and footwear. When used consistently, the Dryer minimizes potential bacterial and fungal growth by maintaining a dry, comfortable, healthy environment for hands and feet.
